GRAVEL RIDE TOUR BY CONTINENTAL GIRONA

As part of our event, we are organizing a ride specially designed for gravel bike lovers. It will be necessary to download the track to your GPS. It is important to remember that this is a non-competitive event and traffic rules must be respected at all times. The route will have a distance of 78.29km, with two refreshment points during the circuit and another at the finish. To ensure proper identification, it will be necessary to wear the mandatory bracelet. Both for the race and to access the final refreshment area.

DINING AREA OPERATION

All Gravel Ride participants will have a meal at the end of the race. To access the dining area, it will be essential to show the identification bracelet that will be given to the race office when collecting the bib. The meal will be held in a designated area within the festival grounds, in an atmosphere of coexistence and celebration.

DEPARTURE AREA

The official start of the next edition of the Gravel Ride Girona by Continental will take place on Avinguda Josep Tarradellas, a central and easily accessible space in the city of Girona that has been specially set up to host the start of the race. This location offers a large surface area that will ensure both the correct organization of the participants and the safety of spectators and organization staff.

It should be noted that the Gravel Ride Girona by Continental is a **non-competitive event**. For this reason, all participants are required to respect traffic regulations and road signs at all times, as well as the instructions of the organization and the security agents present on the route. Safety and respect for other road users are priority aspects for the smooth running of the event.
